

Hey Frostburners!

You may have already noticed - tickets for Frostburn 2014 are officially on sale!

You can get yours at <http://frostburn.org/ticket-info>.

If you are new to frostburn and you are creating an account please check your spam folder for mail from support@frostburn.org

Event Dates -

Thursday Feb 13 - (President's Day) Monday Feb 17 2014

Camp Kevin is allowing us an extra day to play, but Thursday evening is a quiet night, meaning no amplified sound. Don't worry. You can let those systems roll starting at 7am on Friday morning.

Early Arrival will be available starting Feb 7th to those with Theme Camps and Art installations.

[Apply for Early arrival here.](#)

Tickets

First Tier: \$50.00, Online until December 31st 11:59pm

Second Tier: \$70.00, Online until January 31st 11:59pm

Gate price: \$100.00, On-Site Starting February 13th 12:00pm

Ticket Cost Increase

Ticket prices have increased from last year, in part due to the unfortunate amount of MOOP left behind from Frostburn 2013.

Volunteering

Volunteering can be a very rewarding experience and is a wonderful way to become more connected with the community. This could be your chance to meet and connect with a large number of people, while also being an active participant in the event! Please see the following link to fill out our official volunteer form. There are a number of ways that you can contribute and any amount of time that you're able to help will be greatly appreciated and will contribute to the overall success of the event. We look forward to having your assistance on the Tundra!

Firewood

Firewood can be purchased through the ticket system. It will be available for pickup at designated spots on site and transportable via hand cart.

Theme camp registration

Theme camps are a great way to leverage the synergy that comes from working with others to create something awesome for the rest of the community. At all times, this event is one in which you are expected to be self-sufficient. Even in a group situation. Be prepared. It takes work and effort to truly create a warm space. <http://frostburn.org/theme-camps2/theme-camp-registration/>

Event registration

Art registration

<http://frostburn.org/art/art-registration/>

Your Car

Is it 4 wheel drive, is it all wheel drive? If not we strongly suggest you carpool with someone who has one. At the very least, have snow tires on whatever you plan on driving. If you do not have a 4 wheel drive vehicle you will not be permitted to drive to your camping spot. You must park in the designated car parking areas and walk your gear in. If you have a 4 wheel drive or all wheel drive vehicle you may drive your vehicle to your camping spot and park it. You are absolutely not allowed to drive around the site once the event has started.

Whatever you're driving in, we suggest you carpool. Parking is limited.

There is a designated RV area by the car parking area.

Survival Guide

10 principles

These are a very important part of our Burning Man culture, and in part what distinguishes us as a Burning Man Regional event, as opposed to any other festival. It is the responsibility of everyone to make sure they read and abide to these ten principles.
