

Hey Frostburners!

We're less than a month away from Frostburn 2014! It's snowing, the wind chill is in the negative and we can't wait to burn it down with you. We have to talk about some things though. Like last year, parking and driving are things to deal with. We still need volunteers, especially at gate. We still haven't caught that angry gingerbread man....

Things to look forward to in this email-

**Tickets**

**Ticket Transfers**

**Volunteering**

**Parking**

**Driving on-site**

**Registration deadlines**

**Generators**

**Firewood**

**The What? Where? When?**

**Local Resource Guide**

### **Tickets**

Do you still need to get a ticket? Online ticket sales end at midnight on January 31st, Eastern.

[Get your ticket here!](#)

If you don't have a ticket yet you can purchase one at the gate for \$100.00

### **Ticket Transfers**

Need to transfer your ticket? Ticket transfers end on January 31st.

you should be able to change the name yourself just go to <http://frostburn.org> <Tickets> <Purchase Tickets> <My Account> <VIEW/EDIT> You will need to sign in with your password, along the way. And change name, email, Theme Camp, etc. <Save changes>

Frostburn is unable to transfer funds from one ticket holder to another, that's on you.

### **Volunteering**

Burns are made great by the participation that happens, and volunteering is a rewarding way to meet a lot of our community.

**Gate Greeters:** Welcome burners and start their adventure off right! Gate this year will be warm, and may be a welcome retreat from your tent.

**Parking:** Help arriving burners not feel so alone on their journey to their parking spot.

**Ranger:** facilitate the safety and well being of the community at Frostburn

**Medic:** help with First Aid administration and to be a part of the Frostburn medical response team

[Sign up for a volunteer shift!](#)

### **Parking**

The biggest challenge we face at Camp Kevin is parking, we want to give you the 411 ahead of time so you know what to expect. And honestly, we'd like to start off by strongly suggesting that you carpool, but more on that below.

The main parking area for Frostburn will consist of a field adjacent to the road running through the property. These parking areas will be used for ALL vehicles that do NOT have 4 wheel drive or All-Wheel-Drive ("4WD/AWD"), and that may be expanded to "all vehicles, period" depending on conditions.

Speaking of conditions: because parking will be in fields which may be affected by weather conditions, we ask that you: (a) drive slowly, (b) park neatly and thoughtfully, (c) plan on taking your time leaving,

and (d) budget extra time to help your fellow burners if someone's vehicle - or your own - gets stuck in the snow, mud, ice, or whatever other wonderful surface the parking area morphs into after three of four hundred of you beautiful freaks park in it.

Parking is at the bottom of the beautiful, rolling hills that the event takes place on, so it might be prudent to flex your Radical Self-Reliance muscles and bring a sled, wheelbarrow, gurney, or other all-terrain, human-powered, hauling device to ease getting your gear from place to place.

### **Driving On-site?**

Frostburn is a car-free event, and driving on the event grounds is limited to those arriving and leaving: once you park, leave your car until it's time to go back to the Shire after your grand adventure. 4WD and AWD art cars are exempt from this rule, unless otherwise informed due to changing weather and site conditions.

### **Driving to Camping Areas**

Weather and other conditions permitting, only 4WD/AWD vehicles with GOOD TIRES will be permitted to drive **to** the main theme camp area. When we say 4WD/AWD vehicles, we mean that, and ask you to respect it, lest you force us to figure out some suitably Sisyphean task for you to undertake as penance. Once you have arrived at the theme camp area or dropped off your equipment/gear, we ask you to park your vehicle until you plan on leaving the event.

### **Vehicles without 4WD/AWD**

If you don't have a 4WD/AWD vehicle you will need to carry your gear / tents / equipment in from the Parking Area described above. No exceptions. Please plan for this.

### **Exiting and Re-Entry to the Event**

We recognize that people may need to leave and return during the event for a variety of reasons: supply runs, appointments, etc. While we'd rather have you stay the whole weekend (of course!) if you think you may need to leave during the event and return later (say for a supply run or other appointment), we ask that you park in the Parking Area to prevent the need for driving through the event site.

### **Towing**

We have contacted towing companies that are local to Brookville and have 24/7 emergency towing. There are other towing companies in the area, these are the two that we have made verbal contact with to ensure they would be available over Frostburn weekend. These companies are equipped to come out to extract vehicles, all fees associated with the towing companies fall onto the participants who belong to the vehicle being towed.

Bricen Towing  
(814) 849-1961

McPherson Towing  
(814) 849-3718

### **Registration**

[Register your theme camp](#)

Theme camp registration closes on January 31st.

[Register your art](#)

Art Installation Registration closes on January 31st

[Register your event](#)

Event registration closes on January 31st

### **Generators at Frostburn**

It looks like we're going to have a lot of generators at Frostburn this year! Please consider your neighbors when setting your generator up. We strongly suggest you "box" your generator. This can be done with around \$20 in materials by laying cut sheets of plywood against the generator, or by pre-fabricating a box (such as in the playa-tech style of slotted pieces of plywood). This is not a requirement but it will drastically cut down on sound pollution and make for happier camp mates and neighbors.

Frostburn Placement will also be offering a Quiet Zone for camping this year. Please note that generators, in addition to other noise-generators like sound systems, will be prohibited within the Quiet Zone which will be located in the treeline between the road and the top of the hill.

### **Firewood**

Cordwood sales for frostburn 2014 have ended. You can still purchase firewood by the wheelbarrow before the event online or at Gate during the event.

### **[Must Read Info](#)**

Please be sure to read the Survival Guide and FAQ before attending the event. It's full of helpful information regarding Frostburn, winter camping and Camp Kevin.

### **[What?Where?When? Frostburn 2014](#)**

We're saving trees! Frostburn will not have a printed What?Where?When? to give to every participant this year. You can find a stationary copy at gate, in the barn and at some of our theme camps (just ask!) or you can print your own copy. The What?Where?When? will be updated until February 1st, so hold off on printing your own until then.

### **[Local Resource Guide](#)**

A community driven document that lists local shops and services, along with their addresses, hours and phone numbers.

### **Camp Kevin Address**
